

Welcome to KRS

Dear Sir / Madam,

When you read this letter, I assume it means you are in a bit of a dilemma about your kid's education. As a parent, you want them to do very well and you want the absolute best for them.

Well, I can help you! Please let me know what would be helpful to you as a parent so that we can get your child(ren) on the right track. I'm more than happy for you to visit us and meet or to speak with you over the phone so that we can figure out a plan together.

Working with young people we meet every child and learn from them, we learn about their likes and dislikes, their hobbies and interests, this initial conversation enables the team to build a learning pathway specifically for your young one.

We offer 3 pathways -

1. Vocational Learning
2. Academic Learning
3. Project Based Learning
- 4.

Crossover of these 3 pathways will happen for this to be a success.

Another key element of learning is getting to know the young people and asking questions about how they learn. Our ratio is no more than 1: 8 to offer a unique and foundational experience, we want students to get the best education possible with an aim to provide students a future.

We review and learn continually from our students, parents and the schools, this is why our continued reporting and progress reporting is essential.

Where are we based?

We are based at the amazing Excel Martial Arts centre, close to two bus stops and a short walk from Westfield tram stop.

Web Address.

krseducation.co.uk

The premises are brilliant and that's not just us being biased.

What the centre has:

- Amazing breakout areas in a light open environment to get on with work
- Fixed classrooms to work directly with a tutor or support staff
- Training area for those accessing activities
- Pool table for when work set is completed to a satisfactory standard
- Trained staff around mental health and anxiety
- Trained staff to build confidence and resilience
- Training area for those who want to let go
- Staff who will challenge the students

We already know your child is facing challenges, what's even better for you is we know it's a team effort, KRS Education, Your child's School, you and the student.

Together we can do this.

Yours Sincerely

Stacey Hall
Centre Manager
